

ARSB AMATEUR RADIO SOCIETY BANGLADESH

PANTONIX TIGER RUN 2025: RAISING AWARENESS FOR THE SUNDARBANS

Raising Awareness for the Sundarbans

On July 26, 2025, the much-anticipated Pantonix Tiger Run will take place at Hatirjheel, Dhaka. This event features a 7.5 km marathon designed for men, women, and children. The primary goal of the marathon is to raise awareness about the preservation of the Sundarbans, the world's largest mangrove forest and the habitat of the endangered Bengal tiger (*Panthera tigris tigris*). More than 900 participants joined the events.

The Sundarbans is a vital ecosystem that faces numerous threats, including deforestation, climate change, and rising sea levels. Protecting this fragile environment is essential to safeguarding the unique flora and fauna it supports.

The Amateur Radio Society Bangladesh (ARSB) plays a crucial role in managing radio communication throughout the event. With a team of 15 dedicated members, they ensure smooth operation and safety by supporting water points, ambulances, and moving vehicles for emergency purposes.

- S21ARK: Coordinating portable stations at various locations.
- S21IT, S21ED, S21RAB: Providing car support for communication and logistics.
- S21CA, S21BRO, S21KV, S21NZ: Responsible for water points, vehicle support & Control station
- Arju and Nabil: Offering additional support at water points and in vehicles.

The marathon will commence and conclude at the scenic Hatirjheel area. Traffic control during the event will be managed by both the police and amateur radio operators, ensuring a safe and organized experience for all participants.

Moshiur Khandaker, Chief Coordinator Pantonix Tiger Run Dhaka 2025 highly appreciates & thanks ARSB members for supporting this event.
