

ARSB SUPPORTS 45TH NATIONAL CYCLING COMPETITION 2026

The Amateur Radio Society Bangladesh (ARSB) proudly served as the official communication partner for the 45th National Cycling Competition 2026, held at 300 Feet, Purbachol, Dhaka.

This prestigious cycling event brought together participants from different age groups of men and women, competing across three race categories:

- 15 km 30 km 60 km

To ensure smooth and efficient event operations, more than 20 ARSB members volunteered as radio operators, strategically positioned along the racecourse. Their active involvement enabled real-time communication, effective coordination, and enhanced safety management throughout the competition.

Volunteer Support Highlights

ARSB members played a key role in:

- Ambulance coordination for quick emergency response
- Hydrant point management to support operational needs
- Race assistance via amateur radio communication

This successful collaboration demonstrated the vital role of amateur radio in supporting community service, emergency response, and large-scale event management.

ARSB extends heartfelt appreciation to all volunteers for their dedication and professionalism in ensuring the event's success.
